VARIETY OF CASES IN POLICE COURT

Married Life Looks Like Failure For Lewis Smothers

GUN TOTER JAILED

Came to This City With Gun Looking For Work—To Sojourn at Hotel Cox Two Months

Married life in the home of Lewis Smothers, colored, is not one grand sweet song as pictured in so many cases, but on the contrary is one of continual strife according to the evidence adduced in the police court today before Justice Snow when Smothers appeared as complainant against John Watkins, colored, whom he alleged had stolen his, Smother's, wife's affections and incidentally a counter charge of carrying a pair of iron knuckles was also lodged against Watkins by Policemen Magner and Talbot who made the arrest.

Smothers told the court that Watkins frequently took his wife away on trips and Watkins exhibited a badly lacerated finger which he asserted was bitten by Smothers following a row at his home.

Watkins told a different story. He said that Smothers sent his wife to him for money and food and that Smothers used the money to shoot crap. Smothers' wife said she did not want any husband. Three months in jail for Watkins was the court's verdict.

Ben Mudd, colored, came to Alexandria on a bicycle to get a job and he got pinched by Policemen Durrer and Lawrence Padgett. Unfortunately he had a gun which the court asked him if he carried around for sociability and he could give no valid reason for carrying the dangerous fire spitter and $50 and two months was the court's sentence. John Jackson and Thomas Jackson, colored, of Washington, who also were with him were released.

A colored man giving Policemen Talbot and Thompson the name of James Coleman, suspected of knowing something about the robbery at the store of L. Jacobson, 1012 King street, was held for investigation.

Unfortunately he wore a shirt and tie said by Jacobson similar to articles stolen from the store about three weeks ago when loot valued at $100 was obtained. He told the court he purchased these in Washington and there was no proof to the contrary. He, however, was held for further investigation.

That Boost In Rates

Your presence is needed tonight at the mass meeting of the commuters. Every person in the city should join the association.

Don't wait for the other fellow to do it; help in the fight; remember the aid of all is needed.

If the railway company wins you are a big financial loser. Better go tonight to the mass meeting. Show the company you are in earnest.

The job of fighting the trolley line is not a one man affair. It is the affair for every man, woman and child in the city of Alexandria.

Let's put a stop to this business of being threatened with increased fare every now and then by this Washington-Virginia Railway Company.

Wouldn't you kick if someone were going to take a goodly part of your wages each month because they said they needed it to run their business.

If Alexandria merchants every time they thought they needed a little more money raised the prices of their stock what would the patrons of their places do

Let's get an expert statistician to help this fight. We need the best money can afford. The railway company is not overlooking any bets. They have high prized men armed with figures ready for action.

If the commuters secure able counsel and an expert statistician they can beat the railroad on the company's proposition to increase the fare and the citizens may not be again bothered for a long time.

There should not be any slackers at tonight's meeting.

Representatives of the railway company will be there to hear what is said and you should be there to show them you mean business.

If ever Alexandria needed to put up a united front it is against the move on the part of the trolley magnates to raise fare at this time.

Women will be as welcomed as men at tonight's meeting. All are spenders with the road.

Falls Church already is on the job with their protest. We knew Falls Church would not lag in this fight. They have always been to the front when the trolley company wanted to raise the fare.

The trolley company will run regardless of whether or not they get an increase in fare.

Mr. Commuter do you realize that it is your money that runs the railroad and you should be interested in preventing an increased fare.

Everybody who is interested in Alexandria's future prosperity will attend tonight's meeting of the commuters and help defeat the 48 cent fare sought by the trolley magnates.

Before the meeting adjourns tonight the name of every commuter who says his fare should be on the cards that will be distributed for membership in the commuters Association. Give all you can to the cause and we can get the best legal talent to pit against the able lawyers the railway company has hired to represent them at the hearing.

Let's us obtain the best attorney in railroad rate matters we can afford to fight this cause and win.

The regular semi-monthly meeting of the Russell Mitchell Post, Veterans Foreign War was held last night at the Dreadnaught Hall, King and Washington streets, and attended by a large gathering of the "Buddies" of Alexandria. It was decided to hold the meetings on the first and third Thursdays of each month at this hall. A vote of thanks was given to the Dreadnaughts for the use of their hall. A class of about thirty-five candidates will be initiated at the next meeting February 3. This will be followed by a smoker and athletic events. The next issue of the V. F. W., publication, "The Gold Chevron," will feature activities of Virginia Posts, and the members of the local post are notified that M. V. Columbian Revue

Players to Put on Performance February 3 and 4.

February 3rd and 40th, just two weeks off, will witness the production of the "Columbian Revue of 1921," to be given by the Columbian Players.

The Columbian Revue of 1921 is a high-class, up-to-the-minute musical comedy, possessing all the qualities of musical comedies that one finds today on the professional stage. With scores of beautiful girls adorned with stylish and attractive costumes; a harmony of voices that denote both quality and taste; specially painted sceneries that readily betray the hand of the artist responsible for their execution; musical accompaniment from an amateur orchestra with a successful past; scenic effects and arrangements that are particularly noteworthy; a unison of effort that reflects the efficient work of its director;—these are the things in store for the people of Alexandria when they witness on the above named dates the production known as the "Columbian Revue of 1921."

"The Columbian Revue of 1921" is being staged by the Columbian Players a local group of foot light enthusiasts. The participants in the musical comedy assure their Alexandria friends that a real treat lies in store for them at the Lyceum Hall on the nights of February 3rd and 4th.

Meeting Tonight To Protest Boost

Everybody In The City Invited To Attend & Join Movement in Fight Against W. V. Rwy. Company

ALL SHOULD JOIN ASSOCIATION

Membership Cards Will be Distributed—Preliminary Plans Will be Mapped Out by the Commuters to Secure Counsel to Represent Them Before The Interstate Commerce Commission—Plans Also Will be Made to File Petition of Protest—Falls Church Commuters Have Already Filed Their Petition With Commission.

The stage is set for the big public mass meeting which will be held at 8 o'clock tonight in the auditorium of the Chamber of Commerce to arrange to protest before the Interstate Commerce Commission against the proposed increase in fares on the Washington-Virginia Railway Company.

The meeting will be called to order promptly at 8 o'clock by D. R. Stansbury, president of the Mount Vernon Division Commuters' Association and the preliminary plans for a vigorous and energetic fight against the proposition of the trolley line will be mapped out.

Cards for membership in the association will be distributed. There are no set dues, this having been left to the individual by the executive committee of the association.

However, hope is expressed that all will give as liberally as they can. In order to secure the services of the best legal talent to be obtained, it is absolutely necessary that all contribute as much as they can afford. It is better to give to this cause and win than to give the big increase later to the Washington-Virginia Railway Company.

The officers of the association are anxious that there will be a general outpouring of citizens tonight at this meeting. It is pointed out by them that this matter is one of vital importance to every citizen of Alexandra. On the question of whether or not the commuters win depends the future prosperity of the city. Should they lose, fifteen to twenty per cent at least, of the commuters it is thought will eventually leave the city and go to Washington to make their homes.

The necessity for concerted action against the railway company was never more needed than at the present time. As was stated in the city council Wednesday night, those who live here do not realize the magnitude of the proposition of the railway company. The work of making this fight should not be left to the few officers of the association. They should from now on have the hearty co-operation of every person in the city regardless of whether or not they commute daily. If they secure this support and when the time comes for the hearing before the Interstate Commerce Commission and everybody aids in the cause Alexandria will win for their cause is a just one.

It should not be overlooked that the railway company only on April 6 last obtained a substantial increase in fares all along its line and that at the present time the prices of everything and also wages are on the downward trend.

Hundreds of Alexandria mechanics are working in Washington and hundreds of others in the spring expect to work here. They spend their money right here in Alexandria with our merchants and if it were not for Washington they would have to leave Alexandria. They can pay a reasonable fare and still remain in Alexandria. They, however, cannot pay an increased fare and continue to live here and work in Washington. This, therefore, hits every line of business in the city of Alexandria. Without the aid of these mechanics our merchants would not thrive. You can, therefore, see the great importance of putting up a strong and vigorous fight at this time before the Interstate Commerce Commission and end for the present the care fare boost.

Alleging that present conditions do not warrant an increase in fares on the lines of the Washington-Virginia Railway Company the "central committee" of the Falls Church division community, composed of commuters on the Falls Church division of the road, yesterday filed a protest against new tariffs sent by the road to the Interstate Commerce Commission, to become effective February 13, unless suspended. At the same time the commuters asked a hearing in order to present their protests in the proper manner.

The protest is signed by S. E. Hutton, chairman of the "central committee." It asserts that the commission at hearings held in Sept. 1919, received arguments for a continuance of the twenty-five trip ticket on the lines of the Washington-Virginia road and granted continuance of these tickets with an increase in rates of 10 per cent. Now, says the commuters' protest, to withdraw sale of such tickets, as proposed by the road, would be in opposition to the opinion of the commission and would be an injustice to patrons of the road and "a menace to the property interests of the community."

The committee says that the present rates on the Mount Vernon and Great Falls divisions are in themselves excessive and are high enough to meet expenses of operation under proper management. It says that any increase in fares asked for by the road without notice except that required by law is a direct violation of a tentative understanding with some of the directors of the road, who said that no increase would be attempted without a conference with representatives of the commuters.

The protest of the commuters further asks that the company be required to file with the commission not only a statement showing gross revenues, passenger revenues, operating expenses, wages, etc., but a full statement of the financial condition of the road and the number of annual passes and how they are paid for.

The company last Saturday filed tariff's providing increased rates to all stations on its two divisions and cancelling sale of the twenty-five trip and fifty-two trip family tickets.

THREE SMALL FIRES KEEP FIREMEN BUSY

Three small fires brought out the fire department at different times last night. The first alarm at 6.35 o'clock was caused by a blaze on the roof of the residence 515 North Pitt street.

The second alarm at 10.10 o'clock was caused by the burning of Baggetts barn at the head of King street.

Fire in an alley bounded by Prince Duke, Alfred and Patrick streets at midnight caused the third alarm.

Successful Dance

Large Outpouring of Folks to Aid Near East Relief Fund

The dance last night for the benefit of the Near East Relief was a splendid success. It was a most enjoyable affair from the standpoint of an evening's entertainment and although all returns are not in, the indications are for a financial success, adding materially to the amount to be raised in this city for this object.

All those who have failed to either return the tickets or send money for them, are requested to do so at once so the ticket committee can close its work. Miss Collins Jones, 106 Rosemont Avenue, is in charge of this work, and money or tickets should be sent to her.

L. H. Dudley, of the Alexandria National Bank, is treasurer of the Alexandria Branch of the Near East Relief and all donations should go to him. Mr. Dudley also has the pledge cards, which, anyone not caring to give a lump sum, can secure and thereby give a small sum weekly or monthly. These cards can also be secured from Mrs. Charles M. Shepperson, at the Gazette Office.

The Alexandria Branch is greatly encouraged by the responses and expects to raise the desired amount shortly by entertainments, cash contributions and pledges.

STATEMENT MADE BY W. VA. RWY. CO.

Claim They Need Additional Revenue to Operate

TO YIELD $179,000 GROSS

Last Raise Increased Revenue $65,000—Claim Expenses Have Increased Since May 1920.

The Washington-Virginia Railway Company desires to make the following statement relative to its proposed change in tariff.

As is well known, plans are being considered, which it is hoped will enable it to adjust its financial affairs.

The management of the property has been turned over to Day and Zimmerman, Inc., of Philadelphia, well known engineers and public utility managers, which will insure efficiency and economy.

In order to properly operate and maintain its property it will be necessary to secure additional revenue.

Since the outbreak of the World War, in 1914, this company has had only one general increase in all of its fares, which was obtained December 7th, 1919, it having been estimated at that time this increase would yield additional gross operating revenue of $253,408.00, whereas the operating results for the year 1920 indicate that the increase so obtained was only $65,000, and this has proven to be in view of the very great increases that have occurred in all operating expenses since 1914, woefully inadequate.

It is now estimated that the tariff filed, and to be effective February 13th, 1921, should produce, after making due allowance for falling off in travel, approximately $179,000 more additional gross operating revenue than it did obtain for the calendar year 1920 with the tariffs that are now in force.

It is further estimated that after providing for the operating expenses, proper maintenance and fair allowance for depreciation, and adequate and proper service, that the earnings remaining will be insufficient to meet its fixed charges consisting of interest on its funded and unfunded debt, and will not provide anything for dividends on its capital stock.

Since May 1920, there has been a general increase in the wage of labor, also in the cost of power.

The prices of materials necessary to the operation of the property have not been reduced from war prices.

The company is desirous of operating this property in the interest of its patrons and realizes that its best asset is a cordial cooperation with the communities served. It must, however, secure sufficient revenue to meet its necessary requirements.

It desires to make certain capital expenditures for the improvement of the property but cannot do so until it can show sufficient financial strength which will attract new capital.

Already it has provided for bettering its power condition, by supplying power to the Alexandria sub-station direct from the Bennings power station, of the Potomac Electric Power Company, via the transmission line terminating at Sheppards Point and feeding into Alexandria via the sub-marine and aerial cable.

Alexandria patrons of the road have, no doubt noticed the improved operating condition since this has become effective.

The management desires to state that it is in entire sympathy and accord with the various communities, and desires to cooperate in every way possible. We do feel, however, in order to give the service which we all desire, the patrons of the road will see that it is necessary to secure the increase in revenue asked for.

ATTEND MEETING TONIGHT!

The most important meeting that has appeared on Alexandria's civic horizon for years, offers itself tonight at the rooms of the Chamber of Commerce. Upon its success or failure may depend the future of this city. The GAZETTE, therefore, not only urges, but demands, that every Alexandrian, no matter what his other engagements may be, drop them, and come to lend his presence and add his support to this momentous occasion. If you have no personal interest in the fares between this city and Washington, then come as a patriotic duty that you owe to your fellow-citizens. Your obligation to your home town is paramount. If your own concerns are involved, or those of your family, so much stronger may be the incentive. Your weal or woe, their happiness and welfare, may defend upon your being a unit of a great movement that shall determine the mastery or servitude of a vital public utility.

Our neighboring towns are aroused and active. Falls Church, with its bodies, public and quasi-public, has already put its artillery in motion. It has filed its protest against the new tariffs with the Interstate Commerce Commission, and asked its day in court.

The Railway Company promised the GAZETTE to send its statement so as to reach the paper for publication by this morning. It has come but too late for comment.

We will analyse it fully tomorrow. Today we place it as news in another column.

Don't forget that meeting tonight.

A SMART CONGRESS WOMAN. The Honorable Alice Robertson, congresswoman from Oklahoma, is wise in her day and generation. Among other duties, noble and philanthropic, she runs a little eating-house in Muscogee. She built it up to success—how do you suppose? By advertising in the classified columns of the daily paper in her town. She says: "Believe me, there is no advertising medium so effective or which produces such wonderful results as the classified ads. They are little, but O my!" She says her friends called her crazy when she told them what she was going to do. "But," she adds, "I continued to keep that ad in the same place every day. The result was amazing. Everybody got to know Miss Alice's cafeteria. I want to tell you that the classified ad columns are the most human columns in any newspaper. Advertising in the classified columns pays—and pays big!" If Miss Alice talks like this in Congress—we know some ancient and dignified solons of the other sex who will have to take a back seat. We have seldom heard more good, hard, common-sense, expressed in so few words.

GOOD FOR BALTIMORE! The joyful news was flashed over the wires yesterday that our neighboring city of Baltimore is shown to lead the rest of American cities in amount of salary advances granted to the teachers during the past year. The average increase is $600 per year. Good for Baltimore! We have already adverted in our editorial columns to teachers' salaries in Alexandria. There are no more self-sacrificing, public-spirited, enthusiastic, professionally-devoted, and better-equipped men and women in this broad land of ours, than the teachers of this city, led by their worthy superintendent. We know this because we have listened to them. In admiration, too! Think of it! Our little ones, and our bigger ones, spend five days every week, and at least five hours every day, with their teachers. Once or twice a week they go to church an hour or two. We see them, perhaps, two hours at night—when they are busy with their studies, and we with our frivolities, or pleasures, or, let us hope, with more worthy pursuits. That is to say, the teachers see at least five times as much of the children as preacher, priest, or parent. Can their teaching fail to be important? Can their example fail to affect our children's character and future destiny? Think of it, again! Should they, who must be trained for years in the arduous duties of their profession, not receive as much as a printer, or a painter, or a carpenter for their daily wage? Our answer is yours, must be yours, we know!

17 YEAR OLD BOY HAS GAINED 25 POUNDS

Happy Mother Says She Felt Like "Shouting For Joy" When Tanlac Restored Her Son's Health.

"When I saw that my son's health had been fully restored by Tanlac and that he had actually gained twenty pounds in weight, I just felt like shouting for joy," said Mrs. O. D. Flaherty, of 1905 Grace Street, Lynchburg, Va.

"Samuel, who is now seventeen years old, had always been a healthy boy until one day in October, 1918, he came home from school sick, and from then on he went down in health rapidly. After every meal he suffered terribly from severe pains, palpitation and shortness of breath and had awful headaches. The most delicate dishes I could fix failed to tempt him to eat, and at times he became so nauseated he couldn't retain even a glass of water.

"He was terribly nervous and for six months I don't think he slept well a single night. He fell off until he was almost a skeleton and I could hardly stand to see how weak and sad he was looking.

"But he had only been taking Tanlac a short time when his appetite came back, and it was just wonderful to see how rapidly he was building up. His troubles all soon left him, his strength and color came back and he has been feeling fine ever since. He is working now every day and is in as good health as he ever was in his life. I just can't find words to fully express my gratitude for Tanlac."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and good druggists everywhere.

Hoop-la

Think of it, new baked bread, cakes, cookies and pies. You can just smell them. Think of the times you robbed the cookie jar. Think what it means to know that you have a range that will give you a positive one-third to one-half fuel saving.

Cole's Sanitary Down Draft Range
It is equipped with
COLE'S HOT BLAST
Fuel Saving System

of combustion. This gives you a saving of one-third to one-half on your fuel. Burns the fuel gases that other makes of ranges waste and carries a broad sheet of clean flame under all six lids and entirely around the oven. This means even cooking and baking results. Even steady heat—not a flashy wasteful one. Holds fire over night. Gas tight—rust proof vitreous enameled linings. This range will outlast any range on the market and will pay for itself in fuel saved. Furnished in blue or gray enamel or plain black. A beauty from start to finish.

CHARITY WOMAN OF 80 HAS HOARD OF $6,000

Newark, N. J., Jan. 21.—An 80-year old woman, sent to the city alms house by charity workers, was refused admittance yesterday when it was discoverd that she had $6,000 of her own.

The woman, who had been living on charity for fifteen years in a single attic room in a poor section of the city, admitted she had "some money" in an old trunk at the home of her sister. The trunk, which had not been opened for 20 years, was filled with bills and gold pieces.

There were $1000 in bills, and $2,000 worth of five dollar gold pieces, and bank books showing savings amounting to $3,000. Each of the gold pieces was wrapped in tissue paper."

Among the bills were several "shin plasters" of the Civil War period.

HER HEELPRINT OFFICERS' CLEW

Baltimore, Jan. 21.—Traced by the imprint of the heel of a woman's shoe in the carpet of a Garrison avenue home that had been robbed, and arrested by five policemen, who leaped from a curtained automobile on Calvert street last night, a man and a woman alleged to be the "Raffles" who have been operating recently in the Walbrook-Forest Park section, are locked up at central police station in this city.

The prisoners are charged with stealing jewelry and clothing valued at $10,000 from the home of J. Maurice Kauffman, 2401 Garrison avenue, January 4. They gave their names as Mrs. Helen Wilder, 29, years old, Boston; Carl L. Wilder, 25 years old, Chicago.

WON'T PAY PEGGY MARSH

Chicago, Jan. 21.—The marriage of Peggy Marsh will not "affect the attitude of the Field estate toward her," John P. Wilson, Sr., counsel for the estate, said yesterday.

Mr. Wilson's statement followed reports from New York that the Field estate had agreed to recognize the validity of her claims on behalf of her son and to pay her $50,000 a year and purchase a $100,000 residence for her. "We have not conceded any claim she has made, nor will we," Mr. Wilson said.

Lynchburg, Va., Jan. 21.—The proposition is under consideration here to levy a $1 capitation tax for the city on all voters, the tax heretofore being 50 cents on males. This tax would raise probably $8,000 and would be used for support of public playgrounds. City Manager Beck is studying the problem. The playgrounds are now operated under the school board.

YOU CAN LIKE COLD WEATHER

Crisp and Snappy Wintry Air Should Make Your Blood Tingle

You Should Enjoy Outdoors

Pepto-Mangan Will Fill Your Blood With Vital Red Corpuscles, Able to Stand Cold Weather

Some people dread cold weather. The least frost in the air shrivels them up. They put on heavy flannels, hug the fires and still feel cold. It is pretty safe to say that people like that have thin, weak blood.

On the other hand you see other people who take on a healthy glow in cold weather. Their blood shows red on their cheeks and the color of their lips is heightened. They step out briskly, breathe in the cold air, and it seems to act like a tonic.

That's what it means to have plenty of rich, healthy blood. The ozone in cold air touches the good blood in the lungs and puts new vigor into the body. You square your shoulders. The sting of clean, crisp, cold air feels pleasant. You really enoy the cold. On the other hand, people with bodies that are fed with weak, improverished blood, lacking in red corpuscles, hate cold air. Their faces are lips seem to turn blue and look pinched. Their eyes look watery. There's no pleasure in winter for them.

So be sure your blood is healthy. Perhaps it needs a lift right now. Pepto-Mangan will tone your blood up to its normal state. Doctors have prescribed it for years because it has the right ingredients to make new blood. Besides, it is easy to take. Comes in tablet or liquid form. Both have the same medicinal value.

Make certain that you get the genuine Pepto-Mangan. Ask for "Gude's" and see that the name, "Gude's Pepto-Mangan," is on the package.—Adv.

CALOMEL LOSING OUT IN SOUTH

Mr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenomel .Take a dose of calomel today and tomorrow you will feel weak, sick nence all the next day like violent cal- and nauseated. Don't lose a day.

AS OTHERS SEE US

From a recent article regarding PIGGLY WIGGLY, by Ivy L. Lee, well-known magazine and advertising writer:

"PIGGLY WIGGLY stores have succeeded because their appeal to the tastes and needs and comforts and convenience of people was shrewdly and accurately devised.

"But underlying all other reasons, the basis for PIGGLY WIGGLY success is that the whole system, down to its minutest detail, is an intensified war on waste, in one form or another.

"No person who has ever seen a PIGGLY WIGGLY store from the outside can forget it or fail to spot it again anywhere. Nobody who has gone through it and fixed in his mind the association with scrupulously clean foodstuffs can ever again think of groceries save from the PIGGLY WIGGLY standpoint, or fail to retain in his mind the PIGGLY WIGGLY picture as a standard of cleanliness and attractiveness.

"Everlasting cleanliness pervades the whole establishment. Nothing to obstruct clear view from the outside of the wholesome picture within. The windows always shine. So do their casing.

"The aisles are wide and well lighted. There are standard brands of popular merchandise, always in the same place in this and every PIGGLY WIGGLY. At the end of the store, beyond a low partition planned for ventilation, is a stockroom and a man whose business it is to replenish the shining and strangely fascinating shelves. For every thouand dollars' worth of goods on display there is another thousand in reserve, and that, too, is standard regulation.

"The goods and the brand and the price tag are the salesmen of the PIGGLY WIGGLY. You do your own thinking and make your own decision and carry your own basket. There are no credits, no side-door delivery and no C. O. D. or mail orders. And the customers, high and low, approve these regulations with joy, recognizing that this is the secret of the saving."

CITY NEWS IN BRIEF

Mrs. Mary E. Motley, of 809 Duke street, who has been seriously ill, is very much improved.

Miss Virginia Keith left last night for Chicago, where she will spend the remainder of the winter visiting friends.

The Rev. Dr. Beverley D. Tucker, Jr., of the Virginia Theological Seminary, will occupy the pulpit at St. Paul's Church on Sunday morning.

Mrs. Charles J. Sullivan, Mrs. J. R. Wells and Master Russell Wells have returned from a visit to Mr. and Mrs. Charles B. Sullivan, at their home in Wilkinsburg, Pa.

There will be a special meeting at the Salvation Army hall tonight, conducted by Captain and Mrs. Van Egmond, of Washington. Every one welcome. Good music and good speaking. Everyone come and bring some one with you.

An important called meeting of the League of Women Voters will be held tomorrow evening, promptly at 7:15, at 601 Duke street. All members are urged to be present on time, as the business before the meeting is of particular interest.

The funeral of Robert P. W. Garnett, who died Wednesday night, will take place at 3 o'clock tomorrow afternoon from Wheatley's mortuary chapel. Services will be conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South. Burial will be in the Presbyterian cemetery.

Farrell Cannot Recall Striking Hinton, He Says

Rockaway Point, N. Y., Jan. 21.—Lieut. Stephen A. Farrell told the naval board of inquiry yesterday afternoon that he had no recollection of attacking Lieut. Walter Hinton at Mattice upon their arrival there from Moose Factory, near where their balloon landed last month.

Farrell, who still showed the effects of hardships he had undergone, testified that he had only a hazy memory of the events that occurred after they reached Mattice. He said his mind seemed to have been affected.

In describing the hardships of the third day, Farrell told of falling frequently, and said that after a particularly hard fall he called Hinton. He told Hinton, he said, that he could not proceed and proposed that Hinton and Kloor build a fire for him so that he could rest and then follow their tracks.

Then he fainted, for the next he remembered Kloor was holding him up and saying: "Nobody was going to follow their tracks."

When Lieut. Farrell appeared to testify yesterday afternoon he walked unassisted but not in the manner of a man physically strong. His face was bluish white and his general appearance indicated that he had been through a severe illness.

Harding Guarantees Salary of Invalid Pastor in Marion

Marion, Ohio, Jan. 21.—A story of President-elect Harding's devotion to one of his fellow townsmen came to light by chance last night after it had been kept a secret for several weeks from some of the most directly concerned. It involved a financial guarantee by the President elect to enable his church to continue the salary of a pastor who has been incapacitated since last July.

The minister is Dr. Thomas H. McAfee, of the Trinity Baptist Church of which Mr. Harding is a trustee. Dr. McAfee was stricken with paralysis more than six months ago and the strain of paying his salary in addition to that of an acting pastor weighed heavily on the church treasury. The question came to a painful issue at a meeting of the trustees at the beginning of the new year, and Mr. Harding volunteered to pay the salary of the new pastor from his own pocket if that of Dr. McAfee were continued.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

NEW GRAFT SYSTEM IS DISCLOSED IN NEW YORK

New York, Jan. 21.—Discovery of a widespread system of graft, in which law-abiding citizens and business houses are required to pay for police protection, was announced last night by former Governor Whitman, who is investigating alleged corruption in the city administration.

Mr. Whtman declared the graft system he had discovered was "something new," but even more widespread than in the days of Police Lieutenant Charles Becker, who was executed for the murder of Herman Rosenthal.

TAKE CHASCO-VIN FOR THAT RUN-DOWN CONDITION

George Bomberger a mechanic of Lebanon, Pa., writes: "I was troubled with bronchitis for several months and along with overwork it broke me all up. My case was called General Debility. After doctoring a long while I read about Chasco-Vin and I thank the day that I started to take it. The bronchial trouble is all gone and my full red face indicates my new rich red blood. It was just what I needed."

Israel Miller, Camden, N. J., wrote: "I take pleasure in recommending Chasco-Vin because it brought me out of a series of colds and bronchial trouble. The very first bottle did the trick although I took four bottles as told, I feel fine now and Chasco-Vin did the work."

Chasco-Vin the strength creating tonic is a wonderful reconstructive and body building tonic for young and old.

For Jane had left her husband because he was a failure, and her child—well because she didn't care. Law to Compel Childless Women to Work for Mothers

Washington, Jan. 21.—Letters under Brooklyn date, signed, "Wives and Mothers of Industrial Workers," reached members of Congress today asking for a law to require childless married women under 60 to do housework three days a week for mothers with children, and also for an eight-hour day for housewives.

"Congress should realize," it said, "that legislation should be less and less in favor of industrial workers and more and more to alleviate and improve the condition of the overworked, underpaid, dish-washing housewife."

It added that 60 per cent of the members of Congress were paid more than they were worth.

"Immorality has increased in the poorer sections of the city to an alarming extent. Our investigation shows as high as forty persons living in one room. A family of twelve live in two rooms and there is a sign displayed, "Boarders Wanted."

Lynchburg, Va., Jan. 21.—Special Agent G. L. Rogers, of the Southern Railway secret service force here, Sunday was telephoned to go to Dumid, a flag stop below the city and investigate two pieces of baggage, which had been left on the station platform.

"Get busy and sell!"
Said the Sales Manager

IT was at the recent monthly sales conference of the C—M—Company, that the words "buyers' market" were explained in their full meaning to the salesmen; and the necessity for immediate high calibre salesmanship emphasized.

"but remember," he continued

"you can never sell with 100% efficiency without ammunition, and that ammunition is PRINTED SALESMANSHIP—material that prepares the road for your visit and leaves a reminder of your work behind you—in other words, direct-by-mail advertising.

"If you are not supplied with this sort of ammunition, demand it!"

The famous French "Seventy-five" to be effective had as great a need for good shells as a salesman for carefully prepared printed advertising.

We are always ready to confer with you on the part that we can play in helping your sales force. A phone call or a request by mail will surely result in a profitable discussion of your own selling problems.

Do You Want To Force Prices Up Again?

YOU KNOW Scores of factories are closing because of lack of orders. Almost before you realize it, merchandise will be scarce and hard to get. Reduced output and limited supply, then, will put prices UP again. When factories re-open it will take months to catch up with renewed demand.

If You Put Off Buying The Things You Need You Help Put Up Prices and Increase The Cost Of Living

The time to buy has come. Goods are being sold at a loss in many cases. Prices have reached rock-bottom.

Buy the things you need. Help keep the factories going and the workers busy. If you put off buying the dry goods, clothes, shoes, hats, furniture and other things you'll want and need you'll CAUSE PRICES TO CLIMB AGAIN and cause widespread unemployment.

The Alexandria stores listed below offer worthy merchandise at lowest prices under present conditions. You'll find real bargains offered daily in our newspaper and other advertisements.
